

IDAHO'S HOMETOWN HERO

*“Since you get more joy out of giving joy to others, you should put a good deal of thought into the happiness that you are able to give.”*

*Eleanor Roosevelt*

JRM FOUNDATION  
★  
FOR HUMANITY

## CHAIRMAN'S WELCOME

As we step into our 9th year celebrating the work the JRM Foundation has accomplished, the organizations we have supported, and the differences we have made in the lives of others, I would like to express my sincere gratitude to you all – our supporters, our friends, and our partners.

It is imperative to note that we have come this far due to the trust and belief you have endowed on the JRM Foundation. I want to congratulate you and celebrate your efforts as I proudly report that the 2018 and 2019 cycle of giving was an all-time high of \$123,500. That is a remarkable amount of giving and it would not have been possible without the support we have received over the past nine years..

The mission of the JRM Foundation is to support women and children's health and education initiatives and contribute to veterans' and seniors' health and wellbeing. The foundation also takes pride in bridging gaps and connecting communities. We have continued to signify this mission in the past year, supported by your efforts and donations. Among numerous projects embodying our mission, we created multiple scholarships to take our Idaho students and professionals to run medical camps in the remote Himalayan mountains of Nepal. Through private contributions, we also initiated scholarships to bring medical students from abroad to train in the United States. We supported educational programs for local youth to participate in athletics programs, 5K races, and field trips to museums and science centers in Salt Lake City, Idaho Falls, and Pocatello.

With our partnership with Idaho State University, we provided scholarships in humanities and athletics programs. On a global level, we supported a new education program this year that helps empower communities affected by leprosy. Our healthcare initiatives this year included the rebuilding of a clinic in Nepal and advancing similar programs that provide accessible healthcare to those in need. We continue to support veterans' mental health and wellbeing. While on the social advocacy front, our programs aim to raise awareness for and prevent domestic violence and assault, child abuse and trauma, and hunger and housing insecurity. Over the past years, we also worked with local organizations to help bring holiday celebrations to families in need. Evidently, with numerous partnerships and incredible support from you, we have made great strides in helping others and improving our local and global communities.

In this annual booklet you will find information about our partner charities and projects from the past nine years, our key sponsors and supporters, our friends, and images of our work. With great appreciation, I would like to humbly invite your continued support and partnership for years ahead and to stay with us as we reach a decade of philanthropic work.

We may have accomplished a great many tasks over the past nine years, but our work continues as the need continues. It is humbling to know that our close-knit community is leaving a lasting impact on local, national, and global scales - for there is great joy in giving joy to others.

Thank you for being part of the JRM Family.

Beena Rahim  
Executive Director

### **Keynote Speaker**

Muffy Davis

The JRM Foundation Board and Idaho Hometown Hero Medal Committee is honored to have Idaho State Representative Muffy Davis as this year's keynote speaker. Muffy is a graduate of Wood River High School and Stanford University.

She is a seven-time Paralympic Games medalist in two sports: alpine skiing and cycling. She is also a professional speaker and was previously employed in healthcare development.

Muffy is an elected member of International Paralympic Committee Governing Board and member of International Olympic Committee's Legacy & Sustainability Commission, along with serving on IOC's 2026 Evaluation Commission, U.S. Olympic Committee's Paralympic Advisory Committee, and Los Angeles' 2028 Executive Board.

## ABOUT JRM FOUNDATION

**JRM Foundation for Humanity** is a 501c3 organization established by Drs. Naeem and Fahim Rahim, whose lives began modestly in a small town in Pakistan. Drs. Rahim were each recipients of the prestigious Ellis Island Medals of Honor in 2011, and were also recipients of the 2007 Congressional record by the United States Senate.

Drs. Rahim started the Idaho Kidney Institute in rural Southeastern Idaho after moving from New York in 2005. The goal was to provide state-of-the-art care for patients suffering from kidney diseases, and also for those in need of kidney transplants or dialysis. Since, the Idaho Kidney Centers are one of the largest providers of care for kidney disease patients in Southeastern Idaho providing coverage to an area of about 250,000 people.

Drs. Rahim's philosophies of giving are based upon their experiences growing up in a small town in Pakistan, which taught them the value of personal engagement and involvement. They were strongly influenced by their mother regarding the value of education, and that making philanthropic investments should make an appreciable difference in communities where they live and beyond.

The JRM family foundation seeks to provide funding with no discrimination to race, color, culture, religion, nationality and social as well as ethnic background. Its pursuit is to improve the lives of people, in general, with a special emphasis on improving the quality of women and children's health and education and treatment and research for Cystic Fibrosis.

## ABOUT THE MEDAL

Established in 2011, **Idaho's Hometown Hero Medal** pays tribute to individuals that comprise Idaho's unique characteristics and achievements. The honorees are remarkable Idahoans who exemplify outstanding qualities in both their personal and professional lives, while continuing to preserve and promote the richness of Idaho and create a better world for all of us in the future by the work they do today. Idaho is a place, but it is the people of Idaho that make it a great state.

Each year, a statewide initiative is promoted to receive nominations for potential recipients of the Idaho's Hometown Hero Medal. Nominations are received online and winners are celebrated each year at a special ceremony.

**MISSION AND VALUES:** Idaho's Hometown Hero Medal celebrates individuals that embody the spirit of philanthropy while showing a remarkable commitment in both their personal and professional lives to improving communities across the State of Idaho, while continuing to preserve and promote the richness of our great state and create a better world for all of us in the future by the work they do today.

Funding through the JRM Foundation and Idaho's Hometown Hero Medal supports a variety of causes around the world with a special focus on helping nonprofits in Idaho.

### **8 for 8**

8 for 8 is a social innovation program designed to create sustainable and scalable ecosystems in post disaster remote and rural communities by empowering local women.

It aims to invest in healthcare initiatives to lower neonatal mortality in such communities. The initiative creates community driven solutions for HAP (Household Associate Pollution).

The program addresses educational needs for girls under the age of ten in grades 1 through 5.

### **Chitral, Pakistan Disaster Relief and Rehabilitation**

Post earthquake in the northwest rural region of Pakistan, the Foundation conducted emergency relief efforts, provided essential supplies needed to combat harsh winter climates and led an emergency medical camp.

### **Outreach Ministries – Fight Hunger Project**

A philanthropic effort at running multiple food and clothing drives throughout Southeast Idaho.

### **Idaho Falls Youth Symphony**

The Idaho Falls Youth Symphony was founded in 1989 by conductor Eric Wenstrom as the Eastern Idaho Youth Symphony and was later incorporated into the Idaho Falls Symphony Society. The purpose of the Youth Symphony is to provide young musicians a positive, educational, and fulfilling experience as members of a full orchestra. The Youth Symphony also seeks to enhance area school music programs by providing an experience that will challenge the students' developing musical skills. The Youth Symphony holds an annual concerto competition for student soloists, has commissioned new works for full orchestra, and has featured noted guest artists over the years.

### **Blue Daisies on the Green**

When 8-year-old Katherine Wood watched her favorite aunt fall victim to breast cancer, she wanted to do something for the families — especially the children — affected by the deadly disease. Katherine and JRM Foundation for Humanity partnered to create the Blue daisy Fund and our annual "The Blue Daisies on the Green" golf benefit. The money raised to touch the lives of the kids and their families affected by cancer directly. Money raised will be used to help a mother who is suffering from cancer at home to get help with household duties or to provide a weekend getaway for family members who are dealing with a child or parent who is battling cancer. This will become our signature annual event and will be hosted in multiple cities across USA.

## OUR CAUSES

### **IDSP - Institute for Development Studies and Practices, Pakistan**

More than 60 percent of Pakistan's population is between 15-35 years in age, and almost 80% of this huge majority is excluded from meaningful education and livelihood processes and opportunities.

Frustrated with a lack of efficacy in internationally sponsored development projects, Dr. Quratul Ain Bakhteari wrote a concept paper that became the blueprint for the research- and practice-based Institute for Development Studies and Practices (IDSP). After formulating the curriculum and recruiting and training faculty, she formally launched IDSP in 1999 in Quetta, the capital of Baluchistan, Pakistan's poorest, largest, yet least populated province. Her mission at IDSP "Including the excluded"

Dr. Bakhteari has worked with UNICEF and the Government of Balochistan, and founded the Institute for Development Studies and Practices. Her work has focused on health care, education, and social activism. Dr. Bakhteari has been recognized as a Skoll Foundation Social Entrepreneur.

JRM Foundation is proud to partner with IDSP in long term projects for human development and education in Chitral valley, replicating their efforts and success in Baluchistan.

### **ELAJ Foundation, Pakistan**

ELAJ is a social welfare trust that seeks to promote, proliferate and innovate modern healthcare solutions in Pakistan.

JRM Foundation is partnering with ELAJ trust to do medical and disaster relief efforts in Chitral after recent flooding and destruction of over 30 villages water supply and livelihood. We are also involved in creating a mobile healthcare unit for the area in partnership with ELAJ Trust. Mostly to cater needs of maternal health and childhood illness's. ELAJ Trust's team previously helped us in Nepal earthquake relief efforts.

### **#MillionDollarChallenge for the Nepal Earthquake**

April 25th, 2015 earthquake in Nepal caused major destruction. Dr. Rahim and JRM Foundation team quickly went to ground zero and worked in one of the highest hit areas of Sindhupalchowk district. Raising over \$230,000 for the #MillionDollarChallenge and leading one of the largest privately funded International medical and disaster relief team on the ground. Our efforts still continue in several villages where we are involved in restoring lives of many villages, rebuilding homes, schools and medical posts. Our work was featured in Huffington Post, WebMD and Medscape among several local, national and international publications. We also organized and lead a team of Nepali diaspora leadership to Capitol Hill to help raise funds from USAID and US Congress for Nepal relief efforts.

## OUR CAUSES

### S.T.O.P - Stop Trends Of Persecution

During our trips to Nepal, I recently came across a very sad and grueling discovery. I was introduced to the issue of systemic persecution of Christian community in Pakistan by religious fundamentalists and anti-Christian groups.

JRM Foundation started a dedicated project called S.T.O.P to bring to light the issue of persecution of Pakistani Christian community that makes up about less than 3% of 180 million people in Pakistan and are systematically eradicated from their own land. Many are living in conditions in many other countries that are inhumane and not suitable for living. They are dying of lack of proper medical care and spending months to years in IDC- Immigration detention centers in Bangkok.

This project will slowly be expanded to help any victims of religious persecution, whether Pakistani Christian refugee in Bangkok or Rohingya Muslims being persecuted in Myanmar (Burma).

### Idaho Meth Project

The **Idaho Meth Project** is a large-scale prevention program aimed at reducing Meth use through public service messaging, public policy, and community outreach. Central to the integrated, research-based campaign is MethProject.org—a definitive source for information about Meth for teens—supported by hard-hitting TV, radio, print, online, mobile, and social media campaigns that communicate the risks of Meth use.

### Sun Valley for the Arts

The Sun Valley Center for the Arts is a 501c3 Non-profit educational arts organization founded in 1971, whose mission is to provoke and stimulate the imagination while opening hearts and minds through excellence in diverse arts programming

### Drive for the Cure

Routine breast exams, especially mammograms, greatly reduce the occurrence of breast cancer related deaths in women. Far too few women in Southeast Idaho are being screened do to costs, lack of insurance, or high deductibles. Drive for the Cure is an organization started 10 years ago to raise money for women who may not be screened without the free mammograms they provide. Last year over 300 women received exams.

### Family Services Alliance

The mission of **Family Services Alliance** of SE Idaho (FSA) is to promote safe and thriving families, work to end physical, sexual and emotional abuse, and provide victim support. All work done by Family Services Alliance is intended for the prevention, intervention and response to all forms of power-based personal violence including domestic and dating violence, sexual assault and rape, stalking, and human trafficking.

FSA provides emergency shelter, 24/7 Crisis Line for victims of abuse and stalking, on-site response to victims in partnership with law enforcement and/or emergency room staff, court assistance and advocacy, individual and group counseling for adults and children, support groups, community education, prevention education in local schools, and grass-roots advocacy to encourage community involvement in prevention efforts.

## OUR CAUSES

### Bright Tomorrows Child Advocacy Center

**Bright Tomorrows Child Advocacy Center** helps child victims of sexual abuse rediscover the joy, hope, and dreams of childhood. Bright Tomorrows Child Advocacy Center reduces the trauma of child sexual abuse in one, unique, child-friendly center. Investigative services are provided by a professional, multi-disciplinary team. Counseling and advocacy assist children and families to heal and to lead happier, healthier lives. Educational outreach programs build a safer environment where children are protected from future abuse. Bright Tomorrows Child Advocacy Center serves all communities in southeastern Idaho.

Through investigation and advocacy, Bright Tomorrows provides a consistent and comprehensive response to child sexual abuse, simplifying the system and reducing the trauma experienced by victims and their families. Through counseling, children and their families are supported in healing and returning to healthy living, both socially and emotionally. Through community outreach, organizations and individuals can become educated to help prevent child sexual abuse and to insure safer communities.

### Idaho Food Bank

**The Idaho Foodbank** is an independent nonprofit organization that has worked with a network of partner agencies to distribute free emergency food to individuals and families in need for more than 25 years. More than a statewide distribution system, this network of more than 200 partner agencies consists of emergency food pantries, community kitchens, shelters and programs that collectively work together to relieve hunger in Idaho.

Individual donations, grants and corporate donations are the primary sources of funding for The Idaho Foodbank. The organization does not depend on government funding or subsidies. Food donations are accepted from manufacturers, wholesalers and retailers, community and corporate food drives and through the national Feeding America network. Tax-deductible cash donations are critical to underwrite the costs associated with acquiring, transporting, warehousing and distributing food throughout the state of Idaho

### All Under One Roof

The mission of **AUOR** LGBTQ Center is to affirm the diverse identities and lives of lesbian, gay, bisexual, transgender, queer, and questioning people by promoting a safe and inclusive community which emphasizes respect for individuals, advocacy, education, and resources that promote cultural diversity, healthy living, and full achievement of personal potential.

#### **The Center's strategies inspire and strengthen our community through:**

- Support for LGBTQ Youth and their Allies
- Health and Wellness Education
- Community Outreach and Education
- Outreach and Support for the HIV Community
- Leadership Development and Life Skills
- Safe and Life-affirming Social Activities

## OUR CAUSES

### Bannock Humane Society

**The Bannock Humane Society** is a non-profit organization funded by private donations plus fundraising by its members. There are no paid employees and all funds go to help the animals.

### College of Arts & Letters

**The College of Arts & Letters** is the largest and most comprehensive college at Idaho State University. The scope of our work is broad, including the fine and performing arts, humanities, social and behavioral sciences.

### Domestic Violence and Sexual Assault Center

**DVSAC's** Mission is to help society overcome the stigma associated with domestic violence and sexual assault. To educate, rehabilitate and support victims of all violent crimes and to prevent such crimes as being recognized as a general part of society but rather a crime that can be prevented by a society that takes a stand against such crimes by demanding stricter sentences for offenders, more public education/resources as well as more services available to the youth affected by these crimes. Together as a community we can change the way violent crimes are viewed and tolerated.

### Habitat for Humanity

**Habitat for Humanity Idaho Falls Area** is part of a global, nonprofit housing organization operated on Christian principles that seeks to put God's love into action by building homes, communities and hope. Habitat for Humanity Idaho Falls Area is dedicated to eliminating substandard housing locally and worldwide through constructing, rehabilitating and preserving homes; by advocating for fair and just housing policies; and by providing training and access to resources to help families improve their shelter conditions. Habitat for Humanity was founded on the conviction that every man, woman and child should have a simple, durable place to live in dignity and safety, and that decent shelter in decent communities should be a matter of conscience and action for all.

### Pocatello Animal Shelter

**The Animal Services Department** coordinates all animal control activities within the boundaries of Pocatello and manages the animal shelter located in Upper Ross Park. The animal shelter is open to the public Monday through Saturday and provides educational tours and volunteer programs for all age groups. Public presentations by employees can be scheduled and written information on animal issues is available by contacting the shelter office.

## OUR CAUSES

**Pocatello Free Clinic**  
*Our community. Our health.*

### **Pocatello Free Clinic**

The **Pocatello Free Clinic** promotes health and wellness in the community by providing medical and dental care to uninsured individuals at no cost.

### **POW\*MIA Awareness Association**

The **POW MIA Awareness Association** is a non-profit organization dedicated to the financial support and public awareness of the Prisoner of War\*Missing in Action (POW\*MIA) issue, the Idaho State Veteran's Home in Pocatello, Idaho, and special charities in the local community that need our support.

We are guided by principles of freedom, sacrifice, liberty, and brotherhood to ensure that we maintain our focus on the issue at-hand. Our goal is to heighten awareness of the POW\*MIA issue through community events as well as our annual POW\*MIA Awareness Rally.

### **Fencing in Schools**

**Fencing-in-the-Schools** is an educational organization dedicated to bringing the Olympic sport of fencing to disadvantaged inner-city and rural public schools to help improve health, academic performance, and self-esteem amongst youth.

Fencing in the Schools will serve youth through in and out of school time fencing programs, partnering with public schools in low-income communities and other community-based organizations to provide students with an opportunity to learn about the sport, engage in fencing practices and competitions, and gain important life skills like teamwork and leadership through their participation.

Students will learn about the sport and be taught by Olympic-level fencing athletes.

### **ChildLife Foundation**

**Childlife Foundation** was born of the idea to respond to the need for proper pediatric emergency care and partner with Government hospitals. The most practical and the quickest way to make an impact was to facilitate the larger government pediatric emergency units and manage them as a public/ private initiative. This would be done by completely renovating these run down emergency units so they become comfortable areas for healing.

ChildLife saw the need to provide essential oxygen systems and medical monitors, free medicines on 24 hour basis and improving the human resources to provide immediate care to save lives and to reduce suffering for those children who were not at imminent risk.

### **Crescendos Alliance**

Overcoming barriers to health care including geographic, cultural, socioeconomic, organizational and linguistic obstacles. Innovations tailored to individual communities, their surroundings and their needs. Providing health care by directly treating those in need, by teaching health promoters to care for non communicable diseases, and developing an EMS system through first responders and improving system wide communications.

### **The Family of Woman Film Festival**

**The Family of Woman Film Festival** was founded to bring attention to the issues confronting women and girls around the world through compelling cinematic stories.

### **"Hill" Everest Region Village in SoluKhumbu D&D Clinic**

We embark on an 8–10 day hike, with 3 days spent hiking from the nearest airstrip to this village in a remote region of Mt. Everest SoluKhumbu, called Waku-9 "Hill." A clinic was started here for local villagers in 2009. We travel with some of the doctors and nurses from USA and bring medications and supplies to the village. We spend 3–4 days in the village in tents and do a Medical Camp. Some of the people who come to the clinic walk 1–3 days to get there, and many have never seen a healthcare provider in their lives.

### **Rama VIII Orphanage**

In a small center in the middle of Bangkok Slum under Rama VIII bridge you will find Kru (teacher) Chao. Kru Chao is a man with amazing capacity and passion. He was left homeless by his family very early in his life because of the fact he was born with disability. He taught himself off the streets and became a teacher. He now runs a small children support center under Rama VIII bridge under one of Bangkok's largest urban slums, taking care of kids who have mental, physical and social challenges. Kru Chao provides these children toys, medicines, and supplies like diapers and food.

Kru Chao is a man born with disabilities, but throughout the odds, he graduated from college and spends his time with at-risk children. He spends his time collecting garbage, sells items for money to get books, diapers, and toys for children, even in a city full of drugs and gambling.

## OUR CAUSES

### Real Himalaya

**Real Himalaya** is a holiday planning company for private trips, trekking, climbing, expeditions, sightseeing, and even more adventurous trips in Nepal, Tibet, and Bhutan. Real Himalaya firmly believes in quality service, great plans, and fair prices.

### Little Sisters Fund

Gender disparity, especially in education, is a critical issue in Nepal. Sixty-six percent of men can read and write, while only 43 percent of females can. In rural areas, 7 out of 10 girls drop out of school by age 16. Young girls who are not in school are particularly susceptible to trafficking for the sex trade, child labor, and child marriage. At 51 percent, Nepal's rate of early marriage is one of the highest in the world, with girls married four times as often as boys. As many as 10,000–20,000 girls are trafficked into the sex industry annually.

The **Little Sisters Fund** provides long-term scholarships to economically disadvantaged and at-risk girls who would otherwise not have the opportunity to attend or continue school. Through our supplemental program—mentoring, awareness raising, preventative health care, and teacher training—we deliver comprehensive support that ensures girls thrive through the end of school and beyond.

### P.T.S.D.

Professional Transformation Sports Development was established to provide a positive change for veterans of the military struggling with P.T.S.D. and/or depression. PTSD will engage veterans in outdoor sports, using highly-qualified instructors and coaches to assist veterans in gaining the necessary skills to advance and progress in an outdoor sport of their interest and choosing.

The long-term goal of PTSD is to empower veterans to overcome personal struggles attained through the military and break the habits that hold them back from successfully reintegrating back into civilian life. This is accomplished by utilizing outdoor sports to form a new connection with like minded individuals who share a common passion in life.

### Building Hope Today

Building Hope Today is a nonprofit whose mission is to create awareness of the prevalence of childhood sexual abuse, reveal its lasting effects, and to safeguard those at risk on our path toward a hope-filled tomorrow.

## OUR CAUSES
